

Alpine Elementary School Community Council
Minutes Mar 3, 2017

- The SCC reviewed student assessment scores and discussed possible goals for the 2017-18 School Improvement Plan.
- Holly Reynolds reported on the response she received from Elementary Supervisor Starlene Holm on large class sizes. There is not a strong likelihood of increased teacher FTE, but additional aides can be used.
- Mr. Perdue told the SCC that it is likely that we will receive a third more money in Trustlands monies because of the November passage of Amendment B.
